

Harvard Bioscience, Inc. Schedules First Quarter 2010 Conference Call for April 29, 2010

HOLLISTON, Mass., April 21, 2010 (GLOBE NEWSWIRE) -- Harvard Bioscience, Inc. (Nasdaq:HBIO), a global developer, manufacturer and marketer of a broad range of specialized products used to advance life science research and regenerative medicine, will announce results for the first quarter ended March 31, 2010 before market trading hours on Thursday, April 29, 2010.

A conference call to discuss first quarter ended March 31, 2010 financial results is scheduled for Thursday, April 29, 2010 at 11:00 a.m. Boston time. In addition, management may answer questions concerning business and financial developments and trends, the Company's view on earnings forecasts, and other business and financial matters affecting the Company. Some of the information to be presented on the call or provided in response to questions may contain information that has not previously been disclosed.

The conference call will be simultaneously broadcast over the Internet and can be accessed through the Harvard Bioscience, Inc. website. To listen to the conference call, log on to our website at www.harvardbioscience.com and click on the Earnings Call icon. Financial and other statistical information presented on the call, including our earnings release, will also be available on the investor relations section of our website. Click on the investor relations button and then click on the press release or webcast icon, as appropriate. If you are unable to listen to the live webcast, the call will be archived in the investor relations section of our website. The live conference call is also accessible by dialing toll-free 877-303-7611, or toll 970-315-0445, and referencing the pass code of "70264145". A replay of this conference call will be available from approximately 2:00 p.m. on April 29, 2010 through May 6, 2010 and will be accessible by dialing toll-free 800-642-1687, or toll 706-645-9291, and referencing the pass code of "70264145".

About Harvard Bioscience

Harvard Bioscience ("HBIO") is a global developer, manufacturer and marketer of a broad range of specialized products, primarily apparatus and scientific instruments, used to advance life science research at pharmaceutical and biotechnology companies, universities and government laboratories worldwide. HBIO sells its products to thousands of researchers in over 100 countries primarily through its 850 page catalog (and various other specialty catalogs), its website, through distributors, including GE Healthcare, Thermo Fisher Scientific and VWR, and via a field sales organization. HBIO has sales and manufacturing operations in the United States, the United Kingdom, Germany and Spain with additional facilities in France and Canada.
