Harvard Bioscience to Exhibit at Society for Neuroscience 2014 Annual Meeting in Washington, DC on November 16-19

Company to Exhibit Life Science Equipment and Instruments in Booths #1738, 2323, 2510 and 2913

HOLLISTON, Mass., Nov. 13, 2014 (GLOBE NEWSWIRE) -- Harvard Bioscience, Inc. (Nasdaq:HBIO), a global developer, manufacturer, and marketer of a broad range of equipment, instruments and solutions to advance life science, announced it will exhibit its life science equipment and instruments at the Society for Neuroscience 2014 Annual Meeting at the Walter E. Washington Convention Center in Washington, DC on November 16-19 in four separate booths.

Booth #2913 will exhibit products from 10 different Company brands: Harvard Apparatus, Biochrom, BioDrop, BTX, CMA, Coulbourn Instruments, Denville Scientific, Hoefer, Panlab and Warner Instruments. Booth #1738 will exhibit products from KD Scientific. Booth 2510 will exhibit products from Triangle BioSystems International. Booth #2323 will exhibit products from Multi Channel Systems MCS GmbH.

Jeffrey A. Duchemin, president and CEO of Harvard Bioscience, said, "The Society for Neuroscience conference is one of the premiere events for the life science industry. There are many neuroscientists who successfully use our technology in their research, and this is an important opportunity to showcase our innovative products to many more potential customers with an interest in the latest developments in the field. Our products enhance the capabilities of researchers in this sector."

The Society for Neuroscience Annual Meeting is the premier venue for neuroscientists to present emerging science, learn from experts, forge collaborations with peers, explore new tools and technologies, and advance careers. More than 30,000 colleagues from more than 80 countries are expected to attend the world's largest marketplace of ideas and tools for global neuroscience.

About Harvard Bioscience

Harvard Bioscience is a global developer, manufacturer and marketer of a broad range of solutions to advance life science. Our products are sold to thousands of researchers in over 100 countries through our global sales organization, catalogs, websites, and through distributors including GE Healthcare, Thermo Fisher Scientific Inc., VWR and other specialized distributors. We have sales and manufacturing operations in the United States, the United Kingdom, Germany, Sweden, Spain, France and Canada.
